

GOVERNOR JOSH SHAPIRO

June 1, 2025

American Radio Relay League

Greetings:

It is my pleasure to recognize June 2025 as Amateur Radio Month.

Pennsylvanians across our Commonwealth rely on amateur radio for important information on public events. This includes regional disaster communications to boroughs, townships, counties, and the Commonwealth emergency operations center, as well as communication for community public events. Pennsylvania's amateur radio operations are dedicated and specially licensed to provide their exceptional service, personal equipment, and technological abilities in the interest of our Commonwealth and our nation. They continue their commitment to the people of Pennsylvania in their encouragement of young folks to pursue educational and career opportunities in the fields of science, engineering, and technology. I wish to extend my appreciation for the work and service of all the amateur radio operators in our Commonwealth.

As Governor, I am happy to recognize June 2025 as Amateur Radio Month. Please accept my best wishes for continued success.

GIVEN under my hand and the Seal of the Governor, at the City of Harrisburg, this first day of June two thousand twenty-five, the year of the Commonwealth the two hundred forty-ninth.

Governor Josh Shapiro
